

# PROVIDING FOOD SAFETY SOLUTIONS WITH PATENTED COATINGS APPLICATIONS

## About Fixxus

The Superior Industrial Maintenance patented Fixxus Food Safety Coatings application drastically decreases annual sanitation spend and significantly enhances microbe prevention thru our critical path food and beverage manufacturing process solution. We are an innovative specialty coatings contractor with an approved USDA patented application for manufacturing plants within the food, beverage, and pharmaceutical industry. Our solution mitigates the harborage of pathogens such as listeria, E. Coli, and other bacteria while providing a safer, cleanable, and brighter surface.

We are compliant members of the following associations and organizations: SSPC, NACE, ILTA, NPMA, ISNetworld, Coalition of Construction Safety (CCS/ formerly MICCS), Avetta, and COGNIBOX.

## Typical FIXXUS Coating Systems Areas of Application

- IMP/CMU Walls & Ceilings
